I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: My physician wrote me a prescription to help
some very distressing menopausal symptoms I was experiencing.
I found I was unable to find any compounding pharmacy in
our county and had to go out of state to have it filled.
It has substantially improved my life. Your new might
make it impossible for me to obtain the medication
I need to maintain my quality of life. Please do
not limit my ability to obtain needed medication.
